EDUCATION

University of California, Berkeley **Berkeley, California**
Master of Information and Data Science (MIDS), GPA: 4.0 Dec 2026
Coursework: Machine Learning, Statistics, Data Engineering, Programming, Data Visualization, Modern AI Strategy and Applications

California Polytechnic State University, San Luis Obispo **San Luis Obispo, California**
B.S. in Business Administration, Finance Concentration; Minor in Real Property Development Jun 2025
GPA: 3.91, *Summa Cum Laude*
Coursework: Corporate Finance, Portfolio Management, Fixed Income, Real Estate Finance, Computer Applications in Finance

PROFESSIONAL EXPERIENCE

DivcoWest **San Francisco, California**
Investment Analyst Intern Jun 2025 – Jul 2025

- Built dynamic DCF and sensitivity models across \$250M+ in real estate investment case studies, testing lease-up and occupancy assumptions and evaluating IRR, equity multiple, cap rates, return potential, and downside risk
- Researched properties and submarkets using leasing data, broker input, and tenant scenarios to refine pro forma assumptions, compare investment opportunities, and present an investment pitch to executive leadership

LPL Financial **San Diego, California**
Strategic Accounts Intern Jun 2024 – Aug 2024

- Automated Power BI KPI dashboards for 64 advisory firms representing \$401B in AUM, standardizing performance visibility and presenting findings to senior leadership to guide reporting and advisor-support priorities
- Developed a 25-page affiliation playbook consolidating advisor resources, support workflows, and platform capabilities to strengthen advisor retention, relationship management, and support across strategic accounts

Aura Group **Sydney, Australia**
Property Credit Intern Jun 2023 – Aug 2023

- Built Excel forecasting models for revenue, expenses, and capital allocation across a \$10M property credit portfolio, supporting budgeting, scenario analysis, portfolio planning, and ongoing credit analysis
- Assessed interest rates and macroeconomic indicators to identify risks to loan performance and investment assumptions

FINANCE PROJECTS

Portfolio Optimization & Retirement Monte Carlo Simulation | *Excel, Portfolio Modeling, Monte Carlo Simulation*

- Built a 20-stock mean-variance portfolio model in Excel using monthly log returns, volatility, covariance, and Cholesky decomposition to generate correlated returns across 1,000 Monte Carlo paths
- Modeled 1,000 portfolio paths over 516 months, comparing a time-varying risky/risk-free glide path and three withdrawal strategies using target-balance probabilities, terminal distributions, and downside risk

Mortgage Approval Analytics | *Python, DuckDB, SQL, Tableau*

- Built a reproducible Python, DuckDB, and SQL pipeline transforming 3.8M public HMDA records into 2.58M completed lender decisions across four states, engineering loan, income, property, and approval fields for analysis
- Published three interactive Tableau dashboards comparing approval patterns by state, loan purpose, property type, income, and applicant characteristics, with validation checks and responsible descriptive interpretation

LEADERSHIP AND ATHLETICS

University of California, Berkeley Rugby Team | *Division I Intercollegiate Varsity Athlete* Aug 2025 – May 2026

- Maintained a 4.0 GPA alongside a 20+ hour weekly commitment as a starter on Berkeley's 2026 national championship team

California Polytechnic State University Rugby Team | *Captain and Treasurer* Aug 2021 – Jun 2025

- Led a nationally ranked Division I program with 60+ athletes while managing travel, lodging, and competition expenses

SKILLS AND ACHIEVEMENTS

- Financial Analysis:** Financial Modeling, DCF Valuation, Underwriting, Scenario Analysis, Investment Research
- Skills:** Excel, Power Query, Power BI, Python, SQL, Tableau, R, Git/GitHub, PowerPoint
- Achievements:** Lean Six Sigma Green Belt, 2x DI Collegiate Rugby All-American, Academic All-Conference
